**ACT NOW** to End Cage Cruelty

Dear Secretary of State for Defra,

**Please end cage cruelty now.**

You have introduced new rules for Government catering which mean that up to £3.2 million of taxpayers' money could be spent on eggs laid by hens living in so-called 'enriched' battery cages every year.

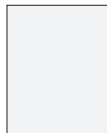

Hens living in 'enriched' cages each have less usable area than the size of an A4 piece of paper. Due to serious concerns for hen welfare, the House of Commons, The Co-operative supermarket and McDonald's are amongst those who have already banned eggs produced in this way.

Please live up to your commitment to making this the "greenest government ever" by requiring central government to buy only cage-free eggs.

Yours sincerely,
