Hi Charlotte,

Thanks for speaking to me about this yesterday - happy to help however I can.

Lauriston Farm is a perfect example of successful community engagement, empowerment, and education. They provide excellent opportunities for groups and individuals to learn the fundamentals of sustainable food production and the value this activity has in enriching and protecting our natural environment. Lauriston Farm is already an enormous success, with a great set of projects already completed - they have even greater ambitions, however, and additional resource would ensure that they can realise their fantastic goals.

Best of luck with the application! Do let me know how you get on?

Best wishes,

Lewis
