

# Growing for Health

## Community food growing: a natural part of the health service

A conference by Growing Health for community food growing projects  
The London Resource Centre, 356 Holloway Road, London N7 6PA  
2nd April 1pm - 5.15pm

### Programme includes:

- Case studies of projects that have been commissioned by the NHS or public health.
- Routes to commissioning - approaching Clinical Commissioning Groups and Public Health.
- Building partnerships or consortia to help get commissioned.
- Measuring outcomes and impact - tools available and analysis.
- Workshops to discuss the best way forward.

Free of charge to Growing Health network members.
