How and why to buy Fairtrade for your business

Sponsored by:

TRAIDCRAFT
Fighting poverty through trade
Welcome

Welcome to the North East Fairtrade Purchasing Guide. As Fairtrade Officer for Newcastle City Council I have witnessed a huge increase in the demand for Fairtrade products over the past few years. However, I am frequently asked, “Where can I get hold of wholesale Fairtrade goods?”

This guide has been produced to ensure that small and medium-sized enterprises, and procurement departments in larger organisations, can easily get hold of the huge range of wholesale Fairtrade items available from recommended suppliers, including local businesses.

More and more businesses recognise that many of their customers are shopping more ethically and are particularly keen to purchase Fairtrade products, and the good news is that 74% of people now recognise the Fairtrade Mark!

Stella Carmichael, Newcastle City Council Fairtrade Officer

“It’s fantastic that so many businesses and organisations are now using Fairtrade products and that awareness of the difference this makes is growing all the time. It can sometimes be daunting trying to find wholesale Fairtrade goods, but we hope this guide will make it as simple as possible. As you will see, there are plenty of suppliers out there!” Lauren Harrison, Chair of the Hadrian’s Wall Fairtrade Campaign
Choose Fairtrade

Why switch to Fairtrade?

There has been an enormous increase in consumer awareness in recent years, from the sourcing of food to the conditions of workers in developing countries. This trend is putting businesses right in the spotlight as consumers want to know that producers are not being exploited. Ethical consumption is currently growing at a rate nearly eight times faster than the economy as a whole. Fairtrade sales have doubled year on year since 2003, and recognition of the Fairtrade Mark is higher than for any other consumer label at 70 per cent.

What is Fairtrade?

Fairtrade provides producers in developing countries with a fair price for their products plus a Fairtrade premium to invest in local community development. Fairtrade buyers enter into long-term contracts enabling investment and stable employment. The Fairtrade Mark guarantees employee welfare and high environmental standards.

What are the benefits to us?

You’ll get more customers. Corporate behaviour is under intense scrutiny by an increasingly discerning public who make ethical choices when spending their money. Integrating Fairtrade into your business by switching to Fairtrade purchasing is a highly effective way of showing your customers that you care.

Switching to Fairtrade also adds a feel-good factor for staff. Offering Fairtrade products to your staff and customers is a great way to demonstrate that you are a caring business as it has high recognition and consumer confidence.

“Fairtrade fits very strongly into our commitment to our communities. As for our staff, with Fairtrade we offer them the choice to follow their ethics as well as satisfy their appetite.”

Uzma Hamid, Corporate Social Responsibility manager at KPMG

I want to switch to Fairtrade – what next?

There are plenty of local and national suppliers listed in this brochure, or ask your current supplier if you are tied into a contract – most now have Fairtrade options. If you switch to Fairtrade, do let your local Fairtrade network know. Not only will they be sure to patronise your business, they may also have a free directory listing, certificate or sticker they can let you have.
