

Sustain membership application form

Sustain is an alliance and membership is open to national public-interest organisations that do not distribute profits to private shareholders and whose governance ensures that the organisation operates solely in the public interest. Member organisations must be wholly or partly involved in sustainable food and/or farming issues and support the general aims and work of the alliance (www.sustainweb.org).

To apply for membership of Sustain: The alliance for better food and farming, talk to one of Sustain's leadership team (contact details below), and/or return this form enclosing your latest annual report and accounts. Applications are considered by the Sustain Council of Trustees, which meets quarterly, and then at the next members' meeting – usually the AGM.
